

# Little Tonsina Construction Update Report

**Report Date:** 8/1/23

**Work Time Frame:** 7/24/23 – 8/1/23

## **Recent Work:**

- In-water work is starting. Bridge is now open for traffic and first culvert has been removed from the river.
- They set up the super sacks to divert the flow of the water.
- Jess from FWS was there replacing the batteries in the camera and mentioned she'd be on-site next week.

## **Upcoming Work:**

- On Friday they will begin working on the riprap and root wads. They are going to select more trees from the area already predefined last year.
