Re: Cordova Airport
ADA-72923
Transmittal of Building Permit Certificate

Dear Ms. Jurica:

Enclosed is the approved building permit certificate for the following work to be performed at the intersection of Copper River Highway at MP 13.7 and the Sheridan Glacier Road, at Cordova Airport:

Replace two existing undersized culverts with larger stream simulation culverts at two locations within the Sheridan Glacier River Floodplain on the Copper River Delta near Cordova.

Please note that the **certificate expires on May 29, 2027**. Be sure your contractor coordinates their activities with Matthew Myszka, Cordova Airport Manager, at (907) 424-3202 or via email at matthew.myszka@alaska.gov.

Please post the building certificate and the enclosed addendum at your work site in a conspicuous location, preferably under a clear plastic cover to protect it from damage, until work completion.

Please contact me at (907) 451-5226, or via email at jennifer.schatz@alaska.gov, if you have any questions.

Sincerely,

A handwritten signature in blue ink that reads "Jennifer Schatz".

Jennifer Schatz
Airport Leasing Specialist
